# Merino Sire Evaluation

## What's in it for ram breeders?

### Benefits of Sire Evaluation:

- Benchmark your genetics against industry's best -
- Assessments at older stages such as Hogget & Adult -
- Create or improve your flock linkage with MERINOSELECT -
- Promote semen, stud ram & flock ram sales -

### How is it done?

At each site, entered sires along with linked sires selected by AMSEA, are joined via artificial insemination to an even line of classed ewes. The resulting progeny are run under the same management conditions and in the same environment on independent properties for the duration of the trial. All progeny are assessed under the strict AMSEA trial requirements.

Results are reported at the site level, as well as within this publication and via the MERINOSELECT website. You will receive regular results and have the opportunity to inspect progeny at the site field day. Additionally, joining a Site Committee provides a further understanding of the processes and technology.

All progeny are visually classed, measured and assessed without sire identification by independent, specialised operators for a wide range of traits:

<b>Wool</b>	<i>Visual</i>	<i>Fleece rot, wool colour, wool character, staple structure, dust penetration, weathering, fibre and non-fibre pigmentation, recessive black &amp; random spot</i>
	<i>Measured</i>	<i>Fleece weight, yield, fibre diameter, fibre diameter standard deviation &amp; coefficient of variation, staple strength &amp; staple length, comfort factor &amp; curvature</i>
<b>Classing</b>	<i>Visual</i>	<i>Top, Flocks, Culls</i>
<b>Carcase</b>	<i>Measured</i>	<i>Body weight at each age stage, fat depth &amp; eye muscle depth</i>
<b>Breech</b>	<i>Visual</i>	<i>Breech Cover &amp; Wrinkle, Crutch Cover, Dag, Urine</i>
<b>Conformation</b>	<i>Visual</i>	<i>Jaw, Legs &amp; Feet, Shoulder &amp; Back, Face Cover, Body Wrinkle</i>
<b>Parasite Resistance</b>	<i>Measured</i>	<i>WEC collected when minimum measurement threshold is met</i>
<b>Indexes</b>		<i>DP+ MP+ FP+ WP+</i>

## Nominate now, spaces are limited.

Nominate any sire you've bred, or purchased (with breeder permissions), to one or any of the sites.

### 2022 Sire Evaluation Sites

<b>South Australia</b>	Nominations close October 29 2021 for December AI	<b>15 sires</b>
<b>Muresk, WA</b>	Nominations close December 2021 for late January AI*	<b>12 sires</b>
<b>Yardstick, WA</b>	Nominations close December 2021 for February AI*	<b>12 sires</b>
<b>Balmoral VIC</b>	Nominations close February 2022 for March AI*	<b>20 sires</b>
<b>MerinoLink, NSW</b>	Nominations close March 2022 for April AI*	<b>15 sires</b>

\*Closing dates TBC

Sites to be confirmed: **New England, NSW**
